LOGO + MARKETING IDENTITY

OPEN PORT / LEAD DIRECTION

Six ways to open the core.

All six directions are supplied as editable, single-color SVGs. Open Port leads the system.

01 / Open Port

The lead direction

Eight pods. One open core.

02 / Bridge

More architectural

Two banks, working together.

03 / Shell

A developer instinct

A command line made tangible.

04 / Signal

An asymmetric rhythm

Independent parts, shared direction.

05 / Container

A compact monogram

An H held inside its own pod.

06 / Vector

A different perspective

The same system, set in motion.

One mark. A useful family.

Use the horizontal lockup first. Use the symbol when the product name is already clear.

PRIMARY / HORIZONTAL

hakopod

STACKED LOCKUP

SMALL, WITHOUT DISAPPEARING.

16px

24px

32px

48px

72px

104px

Pixel-aligned micro SVG below 24px. Standard mark at 24px and above.

Quiet foundation. Bright intent.

Ink and Paper do the everyday work. Ion is a deliberate highlight, paired with dark text.

SPACE GROTESK

Open. Capable. Yours.

Aa Bb Cc Dd Ee Ff Gg Hh 0123456789

Regular 400 / body Medium 500 / headlines Semibold 600 / identity

Sentence case. Clear verbs. Technical detail when it helps.
Talk about ownership, visibility, and getting useful work done.

CONTRAST, CHECKED

Paper on Ink 16.2:1

Ink on Ion 15.5:1

Use Forest for accent text on Paper.
Do not set Ion text on Paper.

A system made to ship.

Editable campaign artwork for sharing, launches, profiles, and product attribution.

OPEN GRAPH / 1200 x 630

Also included: profile banner, launch poster, repeating pod pattern, and a Built with Hakopod badge.

SOCIAL SQUARE / 1080 x 1080

Let the open space stay open.

The space between the modules is part of the mark. Preserve it with the same care as the blocks.

X = the width of one module

USE

One solid color.

Choose Ink, Paper, Ion, or a true one-color reproduction.

Consistent proportions.

Scale the entire asset. Keep all eight modules together.

Enough room.

Leave at least one module of clear space on every side.

The right small-size mark.

Use the micro version at 16px. Use the master from 24px.

A clear wordmark.

Use supplied outlined lockups; do not retype the logo.

Avoid stretching, gradients, outlines, and multicolor modules.
